N-STONES ABOUT US

N-Stones is a natural stone mining, processing, and marketing company based in the Limpopo Province of South Africa, our vision is to provide affordable good quality natural stone through uncompromising quality control, dependability, dedication, and service to our customers. The company is the commercial partner of the Komanchas mining cooperative that has been mining and supplying natural stones in the market for the past fifteen years.

The company is owned and managed by young, seasoned professionals with a board composition of professionals who together boast a combined thirty-five years' experience in the natural stone mining, processing, and marketing business. N-Stones has a selective range of products that include natural sandstone, slate & quartzite with a comparative advantage in our White Ivory Stone deposits that is amongst the largest in the country. Our exquisite stunning natural stone collection mined and manufactured by us is of superior quality and comes in a variety of products such as raw slate, cladding, rivens, dry pack, paving & tiles.

We are delighted to be able to serve clients in all of our nine South African provinces (Gauteng, KwaZulu Natal, Eastern Cape, Western Cape, Mpumalanga, Free State, Northern Cape, Limpopo & North West Province) as well as our neighboring countries (Lesotho, Eswatini, Botswana, Namibia, Mozambique & Zimbabwe. We also have the exporting capacity to supply orders from clients in other countries.
